# DEDICATION

*In Loving Memory of  
Robert Cabral  
"Officer Bob"*

*October 29, 1953 - November 5, 2005*

*Heroes  
are  
never  
forgotten.*

"My reward is their success in keeping away from the influences of drugs, alcohol, tobacco and violence." - Officer Bob

On November 5th, 2005, Swansea and its surrounding community lost someone nothing short of a hero. Lieutenant Robert Cabral, or as most students knew him, "Officer Bob", touched the lives of everyone he encountered. He was a caring father, coach, friend and teacher. He also served Swansea as a police officer for over 25 years. Officer Bob established and taught the D.A.R.E. program at Case Jr. High School and spread his knowledge and awareness of drinking and driving to all who passed through. He also dedicated his time to our Boys' JV Soccer Team, teaching new soccer players the basics of the game. Officer Bob donated his time, energy and understanding to everyone he could reach out to. For this, the Class of 2006 dedicates their yearbook to Lieutenant Robert Cabral.

# In Memoriam

*Krista Leighann Lucianno*  
*May 31, 1988 - January 14, 2006*

*Krista,*  
 You were such an amazing person and a great friend. You were not just a friend to us, but a younger sister. We could go to you for anything and you always helped us out. We will never forget you and our memories. They will forever live with us, as you. You will always be in our hearts, and we're so glad we had this wonderful opportunity to meet you, and create these memories with you. We just wish your life had not been taken away. It wasn't over, it had just only begun. God took you to prove he only takes the best. Our life will be hard to get through now that you are gone from us forever. We will still can't believe it, but now you are in heaven, and you can't be hurt anymore. We will still be best friends, not physically, but emotionally, and in our hearts, and that is forever to us. You will never be replaced, you will always be in our hearts, forever. We love you and miss you so much. Now that you are gone, it isn't "goodbye", it's "See you again soon" when it's our time to go. We wish you were still here, we love you. You are our guardian angel, and we know that you are looking down on us and watching over and smiling at us.

*Love Always and Forever,*

*Your Best Friends, Amanda Blair, Audrey Pepin, and Justin Motta*

**Safely Home**

I am home in Heaven, dear ones;  
 Oh, so happy and so bright!  
 There is perfect joy and beauty  
 In this everlasting light.

All the pain and grief is over,  
 Every restless tossing passed;  
 I am now at peace forever,  
 Safely home in Heaven at last.

Did you wonder I so calmly  
 Trod the valley of the shade?  
 Oh! but Jesus' love illumined  
 Every dark and fearful glade.

And He came Himself to meet me  
 In that way so hard to tread;  
 And with Jesus' arm to lean on,  
 Could I have one doubt or dread?

Then you must not grieve so sorely,  
 For I love you dearly still:  
 Try to look beyond earth's shadows,  
 Pray to trust our Father's Will.

There is work still waiting for you,  
 So you must not idly stand;  
 Do it now, while life remaineth-  
 You shall rest in Jesus' land.

When that work is all completed,  
 He will gently call you Home;  
 Oh, the rapture of that meeting,  
 Oh, the joy to see you come!

# 2006 Yearbook Staff

# Editors' Page

Here's the moment you've all been waiting for. The countless bubbles, studies, lunches and never ending nights spent in the yearbook office are about to pay off. For the past year, we have been thinking up ideas and creating them as pages for your 2006 Yearbook. After 176 completed pages, the moment has arrived where we can share these ideas with all of you.

When we learned we'd be working with Case's first all color yearbook, we knew we had to do it justice. No page was going to be left as a "blah page". With everyone's effort, each page has become just as special as the next.

There are a number of people we, the editors, would like to thank for their help. Without these people there's no possible way that our deadlines would have been made or our sanity have been kept. First, we'd like to thank our section editors and staff for their dedication to their job. Their work made our job as editors that much easier. Then there is the group that most people don't hear about: Chestnut Hill Studios, which took most of the pictures you see in this yearbook. There is also Christina and Norv Garnett for their input and knowledge on the things us editors could never figure out. And of course, Mr. Noble, for his time, effort, pizza and cheeseballs. Without him, the task of a yearbook editor would have been crazier than it already was. He never turned down our ideas and only encouraged what we made of this year's yearbook. We thank all of these people for their hard work because without them this yearbook would not have been complete.

So now our job is done and we get to sit back and hope you all enjoy. No more business ads, connections or hunting people down. Finally, we'd like to congratulate the entire class of 2006- we hope that years from now you can use this yearbook as one big memory of your time spent at Case High School.

- Lindsey Morgado,  
Emily Deschenes,

Desiree Sousa  
Erika Rybicki

To the Class of 2006,

There will be many milestones in your life after you leave Case High School, but I am sure your memories of your time at Case will be special. Your four years have brought about changes in you and your ability to look at the world in new and exciting ways. We all hope that the education and experiences you have received will help you face the future and the challenges it will bring.

The Swansea School Committee, administration and I wish you the best of luck as you begin your journey into the future. To paraphrase the sentiments of other Case graduates, "High School is the best time of your life before you have to get serious".

As you "get serious" I hope what you have acquired in the Swansea Schools, together with the support of your parents and friends, will bring you much success. Congratulations!

Sincerely,  
Stephan C. Flanagan  
Superintendent of Schools

To the Class of 2006:

Congratulations on all of your accomplishments at Joseph Case High School. Your senior year has been an incredible time, filled with tremendous happiness as you fulfill your Swansea goals and prepare for adult life. We have also come together as a community in sorrow more than once this year. The tragic deaths of Officer Bob Cabral and senior Krista Lucianno remind us how precious each moment we spend together truly is. I would like the Class of 2006 to exit Joseph

Case High School with not only the academic knowledge and skills honed over the past four years, but with some practical tools to succeed in life. I shared the following with my staff on our opening of school this year – and pass it along to you at our year's end. The FISH! Philosophy is "a life-long learning approach that inspires us to feel alive and engaged in the work we do," according to its website. I learned about this from a professional in the business world. I purchased part of this program last year and try each day to apply the principles to my professional and personal lives. The four tenets ask you to:

1. Be There for other people.
2. Play.
3. Make Their Day.
4. Choose Your Attitude.

Check it out on the Internet. May your post-Case High days be filled with "FISH" and happiness.

Here's to your continued growth and success,

Brian McCann  
Principal

To The Class of 2006:

As the assistant principal, I am frequently accused of staying up late at night and thinking of new rules. To be perfectly honest, there are times when it has actually been fun seeing your reaction to a few of my innovations. Here are some of the terms we all added to our vocabulary this year:

**Vocabulary Term #1:**

"lockout" = An opportunity to watch students scurry to class

**Vocabulary Term # 2:** "a swear" = A word that would make your mother cringe.

**Vocabulary Term #3:** "no electronics" = All those things with plugs for your ears.

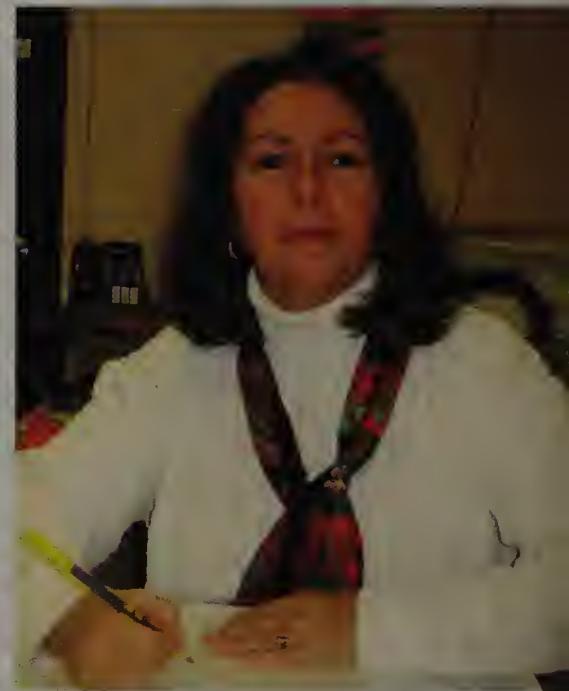

**Vocabulary Term #4:** "wreath" = A controversial wall decoration.

**Vocabulary Term #5:** "myspace.com" = Joy from Cranston West is real!

**Vocabulary Term #6:** "the red carpet" = Place where cell phone addicts hang.

You have made my second year at Joseph Case High School most memorable. I wish you the best in your future endeavors and I encourage you to remain in touch. Best of luck!

Sincerely,  
Karen Ragland, Assistant Principal

Mrs. Nadeau

Mr. Antunes

Mrs. Bushell

Mrs. Cifelli

It will be more than just seniors graduating this June. Nine teachers, with a combined **270 years** of service to Case High School will be retiring as well. Their constant dedication to their job as well as their involvement in extracurricular activities is the legacy they will leave. They have made this school and its students proud to be a part of their experience, both in and out of the classroom. Each and every one of these teachers has brought something different to Case High. Their job may be replaced but the personality these teachers brought to the job will always be missed.

# SENIORS

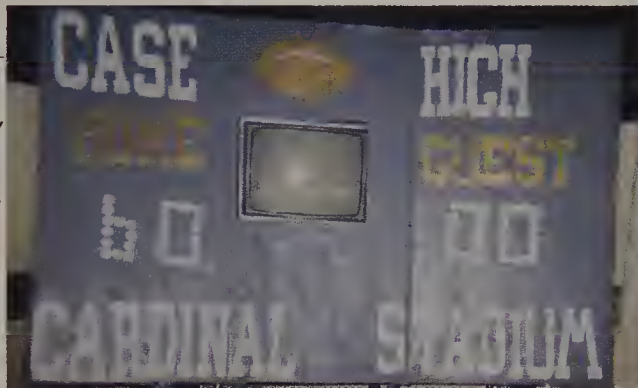

# Class of 2006 Displays

*Freshman year, we came in as the underdogs in the display competition, but surprised everyone with our lifesized boxing ring. We took displays to a new level.*

*Sophomore year, we sent our Cardinals on the road to victory with a timeline of Case's proud Thanksgiving history. We were awarded with first place in the display contest.*

*Junior year, we held a "Cardinal Cookout", complete with picnic tables and a tailgate. Hot-dogs, popcorn and soda were served. Again, we were awarded first place.*

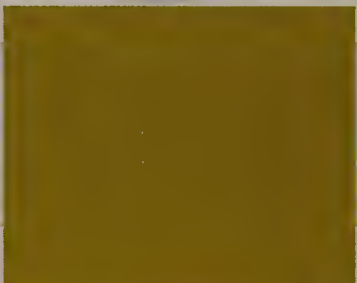

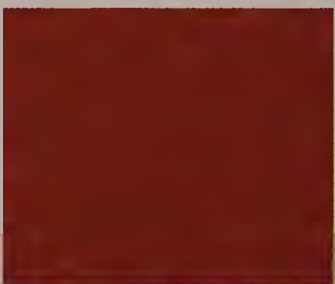

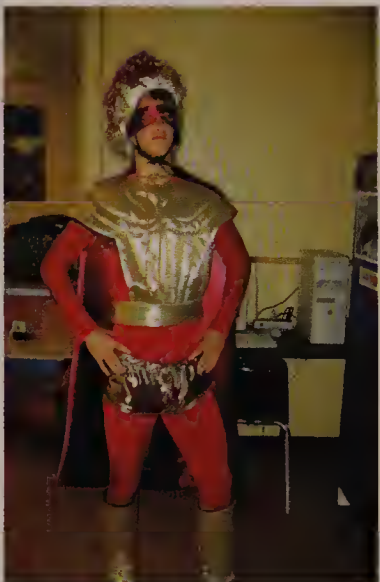

*Senior year, Doctor Monte and his crew aided the Somerset football team in our "Raider Rehab". Xrays were taken and jello was served as*

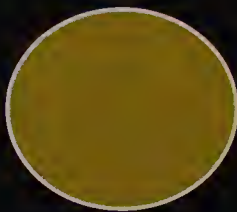

*our staff cared for the immobilized Raiders. Once again, the Class of 2006 came in first place. We'd like to thank Ryan Guimond for his sensational performance.*

## Freshman Year:

# Class History

Finally, the moment we were all anxious for. No one really knows what to expect in high school and we have all heard the rumors (good and bad). We love the freedom we're given, but hate how we're considered "freshmeat". We begin the school year with the first September 11th assembly. We have our first class election and **Katie Estes** is named our President. She holds this position all four years in high school. **Caitlin Vezina** - Vice President, **Sammy Norris** - Secretary, **Chelsea Gibbons** - Treasurer. At our first Pep Rally, we shock everyone with our boxing ring display and give the upperclassmen something to worry about in the future. No matter how much money we put in to the Penny Wars, we still seem to come up very short to the senior class. Our Drama competition piece, *The Laramie Project*, stirs up a lot of controversy in town. **Ben Cobb** and **Aaron Grillo** perform in the play. New England is hit with a giant blizzard during our February break. The same week, the Station nightclub fire in West Warwick claims 100 lives. Before we know it, our freshman year in high school is over and we're all excited about the chance to make fun of the upcoming freshman class.

## Sophomore Year:

Sophomore year is a year for championships at Case High School. Five out of our six sports teams make it to tournament. Our field hockey, volleyball, girls' basketball, softball, boys' basketball and baseball teams are all SCC Champions. The volleyball team, which includes **Kristen Hordern** & **Lauren Saylor**, makes it to the state finals. Our golf team also does very well, placing fourth in the state tournament. **Jen Gerald** becomes our new Vice President and **Lindsey Morgado** becomes our class Secretary. We get a 1st place finish in the display for Spirit Week, our timeline of Case football. In our fall production, *Charlie and the Chocolate Factory*, **Aaron Grillo** plays Willy Wonka and the show is a hit with the audience. Our competition piece, *Metamorphoses*, wins at the State level and goes on to represent Massachusetts at the regional competition. The New England Patriots are also champions, winning the Super Bowl for the second time in three years. As the year ends, Drama puts on *Shakespeare's A Midsummer's Night Dream*. Mr. Santos, our principal, is set to retire after 36 years of service to Case High School. He will be missed and we know it means changes for next year's administration.

## Junior Year:

We start the year off with Mr. McCann, our former Vice Principal, as our new Principal. We are also introduced to Ms. Ragland, our new Vice Principal. The Red Sox and Yankees fight for the ALCS, Yankees fans got their hopes up but were disappointed when the Yankees blew a three game lead in the series. Red Sox fans were excited with a never-been-done before comeback, along with the series win over the St. Louis Cardinals to win the World Series for the first time in 86 years. The Patriots are also champions, winning their second consecutive Super Bowl. Our class officers stay the same, and the United States reelects President George Bush over John Kerry. Our Class gives the seniors a run for their money in what Mr. Noble calls "the only two events that matter at the pep rally," winning both the display contest and tug-of-war. The Drama company puts on *The Lion, The Witch and the Wardrobe* in the fall and brings *Red Noses*, their competition piece, to the State finals. Volleyball also goes to the State finals again. Our Juniors **Sarah Fullmer** and **Megan McDonnell** lead the Girls' Basketball team to a State Championship and give the diehard fans something to cheer about. A tsunami hits Southeast Asia and we do all that we can to raise money for the victims. In the spring, Drama puts on *Quasimodo* and the class officers put together an amazing prom at the Johnson and Wales in Seekonk.

# 2006

## Senior Year:

Finally senior year has arrived. College is upon us along with plenty of applications and school visits. Our class officers remained the same and put together Case's first ever Black and White Social. The unplanned Hurricane Katrina goes through Louisiana and Mississippi causing billions of dollars of damage. Swansea loses Officer Bob, our coach, teacher and friend, on November 5th. The town pays tribute at both his wake and funeral. During the spirit wars, our class wins almost every event including the display. The Pep Rally was ended early because of our "long" but incredibly funny senior skit. Our football players finally beat Somerset in a 16-0 shutout on Thanksgiving Day, the first time in three years. At Homecoming, **Bryan Monte** and **Desiree Sousa** are King and Queen of the dance. The Drama Company puts on *A Christmas Carol* in the fall. Our band receives its highest score in 7 years at its NESBA competition, a 91.7. We experience the first lock-outs at Case High, as the administration tries to end our tardiness to classes. As the year goes on, we look forward to the prom at the Venus, Bay Queen and our Graduation.

## A GREAT COACH'S LAST YEAR

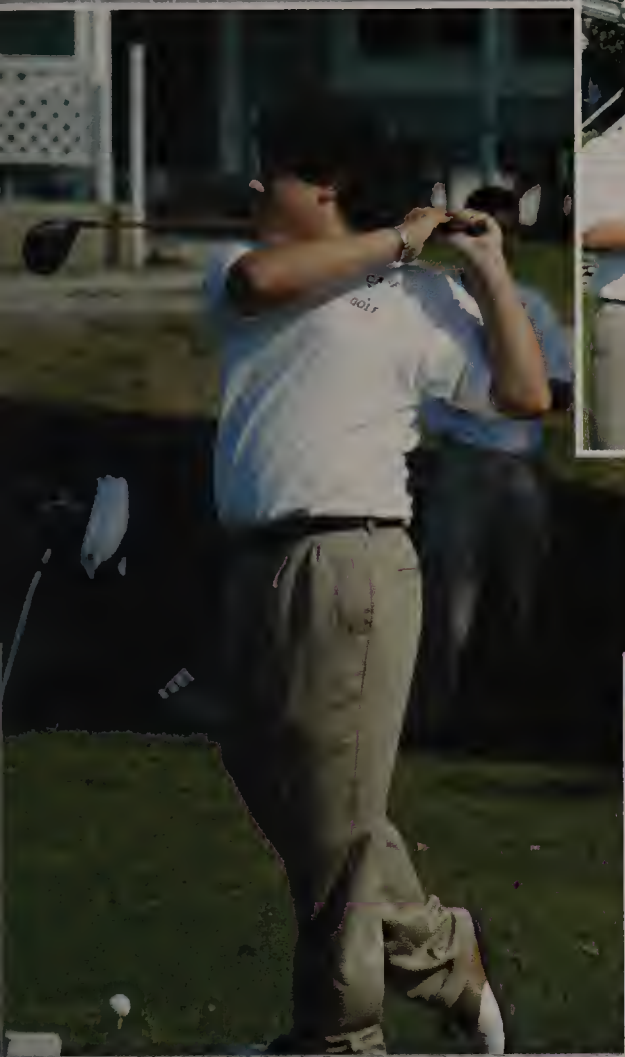

The 2005 golf team endured a rebuilding season, being a relatively young team. The Cardinals were only able to take 5 of the 16 South Coast Conference matches. However, the effort and dedication of all the players was exceptional. The team made this difficult season the most enjoyable for Coach Bill Antunes, who will be retiring from Case this year. Mr. Antunes, in his 10 years of coaching, "has never witnessed more respectful players" and a "1,2 combination that performed as well as the one this season." Tony Fanuele, who played in the #1 spot, closed out his high school career with another good season, producing a record of 12-5-1 with a home scoring average of 37.8. The #2 player, sophomore Mark Savastano, produced a winning record of 9-8, with a scoring average of 39.1. He will be an important asset in future seasons. Best of luck to Mr. Antunes and next year's team.

REVENGE IS SWEET.

This year was nothing short of a rollercoaster ride for our team. Everyday had a new story, but somehow we prevailed. We did okay in the regular season, but the difference came in the post season. We defeated rivals Harwich and Foxboro to make it farther than any other Case team in over 20 years. In the effort, senior Lindsey Morgado and junior Nicole Henrique were named SCC All Stars and team MVPs. Also, Junior Kait Whalley was named an SCC Honorable Mention. Seniors Laura Nunes and Emily Deschenes were given the Coach's Award while senior Chelsea Neilan was the teams recipient of the Sportsmanship Award. The seniors wish the returning players good luck for next year's season.

The boys' soccer team had another successful season this year. Returning key members were senior captains Brendan Horne, Matt Gonsalves, and Nick Ferrara. We jumped off to a great start, but then cooled off when a few key players went down with injuries. The team rebounded and tallied a final record of 10-7-1 earning a spot in the state tournament. In the first game of the tournament we battled through two overtimes, but eventually were eliminated by penalty kicks. SCC All-Stars included Brendan Horne, Matt Gonsalves, Greg Jankarik, and Nick Ferrara.

ONE POINT SHY OF TOURNAMENT

Our girls' soccer team had a rocky season finishing one point shy of making the state tournament. The season proved to be encouraging for the underclassmen.

Even though losing two starting seniors is disappointing, the future looks bright. Forming a team with many young first year players, our team benefited from their hard work and impacted our season overall. Although rocky at times, we managed to be respectable, competitive, and very promising for the next few years. We wish the best of luck to Seniors Katrina Hordern and Kayla Manchester.

STATE FINALISTS...

AGAIN!

After graduating six seniors last year, our team came back strong and had an incredible 19-3 regular season record. For the third year in a row, we were the South Coast Conference Champions. After sliding past ORR in the first game of the tournament, we defeated Bourne in the most unbelievable match of the season. Unfortunately, after defeating Bishop Feehan, our season came to an end against Medfield in the semi-finals. The sportmanship award was given to Jenn Cassidy and Ali Chouinard received the Coach's Award. The MVP awards went to senior co-captains Lauren Saylor and Kristen Hordern.

Going into the season we were a little disappointed about not competing, but we made the best of it. We started off with more girls than (what else is new). We used this season as preparation for next season. Meg got married! And pregnant! We got really close as a squad, had bunch of jammy jams (Nikki and Brownie running through the streets). We kicked butt at Pep Rally and cheered the boys to beat Somerset. Never forget hallway practices, the rainy NBV game, "cheer fights", conditioning EVERY Sunday, and the flip stunt. This season turned out to be unforgettable, we ended on a great note.

BRINGING THE TROPHY HOME

Going into the season, training extremely hard, the team had high hopes. Captain practices in the summer helped them prepare, but the season had a rough start. The team never gave up and played hard nose football all season. When it wasn't possible to have a winning season, it didn't matter to the team. The loss of Officer Bob hit the team hard. They played their hearts out in memory of Officer Bob and beat Somerset 16-0. The team couldn't be happier. Throughout the season, the team bonded so much. Kurt Hawes was nominated for the Otto Graham Award and Dan Lagasse was awarded the Norman Ashley Linemen Award. Joe Loeu was awarded the SCC Sportsmanship Award. Josh Rego and Al Rodrigues were awarded the Coaches Award. Bryan Monte was the season's MVP and American Legion MVP.

The MVP of the team this year was sophomore Gabby Brum.

FLYING TO REACH THE TROPHY

Our season started with high hopes. Since the Fall Squad didn't compete we were looking at our last chance to bring home a trophy. There was a small scare when our flyer, Kayla Reposa, suffered a sprained ankle, but thankfully she was able to recover in time for our SCC Competition. For the first time in four years we brought home our trophy. We placed first in our division and third overall moving on to the regional competition. Our "trip" to Taunton was definitely one to remember: even though we didn't place, we were proud of all our girls and thank them for a memorable season. Senior captains Chelsea Gibbons and Jennifer Gerales received MVP Awards. Sophomores Kayla Reposa and Kali Nicolan received Coach's Awards, and Junior Stephanie Lewis and Sophomore Alyssa Desorcey received the Sportsmanship Award. Good luck next year, ladies, and keep the trophies coming!

SHOOTING FOR VICTORY

Our basketball season can be considered a growing season. With only two seniors on the team it was hard to come together and bring experience to the table. We posted a 7-15 record, which didn't show our true talent. Through the year, we as a team, showed amazing improvement. The sophomores stepped it up, better preparing themselves for next year. It was a great rebuilding year and next year we will surely be unstoppable. Guimond rocks!

## TUMBLING THROUGH THE SEASON

Our 2006 Casonk (Case/Seekonk) gymnastics team had a lot of newcomers. Half of our team was competing for the first time. With everyone working to the best of their ability we achieved our season goal. Senior captain Taylor Duhamel was our leading scorer for the team. Returning sophomore Allie Mastracola did very well competing in the All-Around for the first time. We had a fun and memorable season and are already looking forward to next season.

**Massachusetts  
Department of Social Services**

# **Child Protective Services**

**Guidelines For Mandated Reporters**

## Introduction

*As a professional person in contact with children and their families, you have a responsibility to help the Department of Social Services become aware of children who may be abused or neglected. We depend on reports from professionals and other concerned people to learn about children who may need our protection and families who might benefit from our services.*

*Chapter 119, section 51A of Massachusetts General Laws mandates the Department of Social Services to receive reports of possible abuse or neglect. The Department provides a full range of protective services for children, plus a network of family support services such as counseling, day care, and parent aides.*

*Chapter 119, section 51A of Massachusetts General Laws also defines your responsibilities as a mandated reporter. All references to Massachusetts law in this pamphlet are citations from Chapter 119, sections 51A-E.*

*Fifty-five percent of reports received by the Department are from professionals like yourself, mandated reporters; almost 75% of these reports are screened in for investigation. Reports received by the Department during 1990 involved a total of 82,831 children, or approximately one out of every 17 children in the State.*

## Who is a mandated reporter?

According to the law, the following professionals are mandated reporters:

- *physicians, medical interns, hospital personnel engaged in the examination, care, or treatment of persons*
- *medical examiners, psychologists, emergency medical technicians, dentists, nurses, osteopaths, chiropractors, podiatrists*
- *public or private school teachers, educational administrators, guidance or family counselors*
- *day care/child care workers*
- *probation officers, clerk/magistrate of the district courts*
- *social workers*
- *foster parents*
- *firefighters*
- *police officers*
- *child care resource and referral agencies*
- *child care food programs*

The term also includes any person in charge of a medical or other private or public institution, school or other public facility or his/her designee who has been notified by a member of his/her staff of a case of suspected abuse or neglect. In such cases the person in charge, and not the staff member, is required to report.

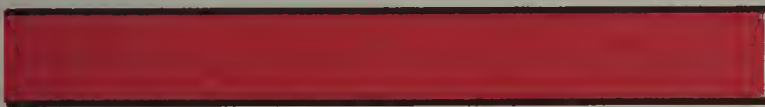

## **As a mandated reporter, what are my responsibilities?**

**Massachusetts law requires mandated reporters to immediately make an oral report to the Department of Social Services when, in their professional capacity, they have reasonable cause to believe that a child under the age of 18 years is suffering serious physical or emotional injury as a result of abuse or neglect by a caretaker, including sexual abuse, or from neglect, including malnutrition, or who is determined to be physically dependent upon an addictive drug at birth. A written report must then be completed within 48 hours of making the oral report and should be made to the appropriate Department Area Office. Please note, any mandated reporter who fails to make a required report can be punished by a fine of up to \$1,000.**

**During the course of a 51A investigation, any person who is a mandated reporter, and who has information which he believes might aid the Department in determining whether a reported child has been abused or neglected, upon request by the Department, shall disclose the relevant information to the Department. The person who discloses the information would not be liable in any civil or criminal action and is protected against any discriminatory or retaliatory actions by an employer.**

## **Who is a caretaker?**

**A “caretaker” includes a child’s parent, step-parent, guardian, any other household member entrusted with the responsibility for a child’s health or welfare, and any other person entrusted with the responsibility for a child’s health or welfare, whether in the child’s home, a relative’s home, a school setting, a day care setting including babysitting, a foster home, a group care facility, or any other comparable residential setting.**

## **How are abuse and neglect defined by law?**

According to Massachusetts law and Department of Social Services regulations (110 CMR, section 400):

### **Abuse includes**

- *the non-accidental commission of any act by a caretaker which causes or creates a substantial risk of harm or threat of harm to a child's well-being; and*
- *the commission of a sex offense against a child as defined by the criminal laws of the Commonwealth.*

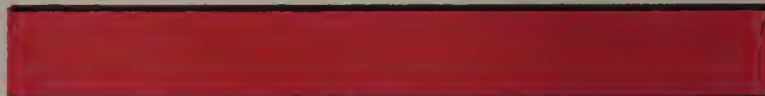

### **Neglect includes**

- *failure by caretaker, either deliberately or through negligence, to take actions necessary to provide a child with minimally adequate food, clothing, shelter, medical care, supervision or other essential care; and*
- *physical dependence of a child upon an addictive drug at birth.*

### **Serious physical injury includes**

- *any non-trivial injury, death, malnutrition, and failure to thrive.*

### **Serious emotional injury**

- *means an extreme emotional condition such as a severe state of anxiety, depression or withdrawal.*
- 

## What happens when I make a report of abuse or neglect?

If the social worker who takes your report determines that there may be reasonable cause to believe that a child is abused or neglected according to the above definition, a social worker is assigned to investigate the report. The investigation includes a home visit during which the social worker meets and talks with the child and the caretaker. If the intake social worker has determined that the situation is an emergency, the investigation is completed within 24 hours of receipt of the report; all other reports are investigated within ten days.

If the investigating social worker determines there is reasonable cause to believe that the child in question is abused or neglected, the Department provides the family with services to reduce the risk of harm to the child. If the child is not abused or neglected but the family appears to be in need of services, the social worker may offer the family services on a voluntary basis. It is important to note that if the Department determines that a child has been sexually abused, sustained serious injury or has died as a result of abuse or neglect, the Department must notify the District Attorney who has the authority to file criminal charges, and the police chief in the town the child resides.

**How do I make a report?**

In order to make a report, telephone the Department of Social Services area office serving the child's hometown and ask for the protective screening unit. A directory of the area offices is included in this brochure.

Describe the situation of possible abuse or neglect to the social worker. Please be prepared to give the social worker identifying information about the family as well as specific facts about the suspected abuse or neglect. If you are a mandated reporter, you must also give your name, address and telephone number.

We recommend that you inform the family that you have referred them to the Department of Social Services for help—but do not do so if you think it would increase the risk to the child.

A mandated reporter is required by law to file a written report with the Department of Social Services within 48 hours of making the oral report. The Department of Social Services area office will provide the form for this report.

The Department of Social Services will notify the mandated reporter, in writing, of its determination as to the nature, extent, cause or causes of the injuries to the child and the social services that the Department intends to provide to the child or the family.

If you have any questions about whether or not to report a situation, please do not hesitate to make an inquiry to the appropriate area office.
